INDEX TO VOLUME 12

Page

Abandoned valleys of the Ohio basin, Hypothesis to account for..... 462
Accessions to library from June, 1900, to June, 1901; H. P. Cushing, Librarian..... 503
Adams, Frank D., cited on Coal Measures of southern Kansas..... 178
—; Experimental work on the flow of rocks [abstract]..... 455
—, Record of remarks by..... 461, 479
Adams Lake series, Occurrence and character of..... 67
Adirondack mountains, Augite-syenite gneiss from, origin and age of..... 464
Agassiz glacial lake, Position and extent of..... 119
Age of the coals at Tipton, Blair county, Pennsylvania; David White..... 473
Aitkin glacial lake, Position and extent of.. 120
Albany, New York, Hudson River beds near..... 11
— meeting (1900), Proceedings of..... 395
— —, Register of..... 492
Albite feldspar, Metamorphism of grain of, figure showing..... 360
Alexander, W. D., Map of Hawaii by..... 51, 52
Allegheny Parker channel (The); E. H. Williams, Jr..... 463
Allegheny river, Alleged abandoned channel of, near Parker, West Virginia..... 463
— section, Correlation of Western Interior coalfield and..... 187
Alluvial deposits in New England, Note on..... 483
Altitudes along the Saint Croix river in Minnesota and Wisconsin..... 15, 16
Am, Henry M.; Knoydart formation of Nova Scotia..... 391
—, Record of remarks by..... 473, 479, 483, 491
—, Title of paper by..... 473
Amphibolite, Rigaud mountain, Description of..... 390
Analyses: Andesitic rocks from Colorado... 8
—: Granite from Georgia..... 96
—: Granite, porphyritic, from Georgia..... 98
—: Hornblende syenite, Rigaud mountain. 386
—: Kittatinny limestone..... 152
—: Porphyritic granite from Georgia..... 98
—: Quartz porphyry, Rigaud mountain..... 389
—: Quartz-syenite porphyry, Bearpaw mountains..... 389
—: — —, Grenville, Canada..... 392
—: — —, Rigaud mountain..... 389, 392
—: Trenton limestone..... 157
—: (Mechanical), Sand concretions..... 170
Anderson, F. M.; Neocene basins of the Klamath mountains [abstract]..... 500
Anderson river and Boston Bar group, Occurrence of..... 68
Andesitic rocks from Colorado, Chemical analyses and composition of..... 7, 8
— — — —, Megascopic and microscopic description of..... 5
— — near Silverton, Colorado; Frank R. Van Horn..... 4
Antelope glacial lake, Position and extent of..... 116
— Range, Nevada, Structure of..... 226
Aplite dike, Rigaud mountain, Description of..... 390

Page

Apostle islands, lake Superior, Spits on..... 211
— —, Topography and geology of..... 198, 199, 202, 203, 204, 211, 212, 213, 214, 215, 216
Aqui range, Utah, Structure of..... 220
Archean period, Physical history of the Rocky Mountain region in..... 84
— rocks in Rocky Mountain region, Occurrence and character of..... 62
— —, Shuswap series..... 63
Arizona, Evidences of shallow seas in Paleozoic time in southern..... 493
Arkansas, Basal series of Coal Measures in. 189
—, Coal Measures section in..... 182
—, Fossils from Coal Measures of..... 181
—, Productive Coal Measures in..... 177
—, Subdivisions of Coal Measures in..... 191, 192
— river, Deep canyon valley of..... 298
— valley, Productive Coal Measures in..... 177
Artesian wells, Evidence as to Keweenawan-Cambrian fault line in Minnesota furnished by..... 321
Ash beds in Cordilleran valleys, Nature of... 278
Ashburner, C. A., cited on age of the coals at Tipton, Pennsylvania..... 474
— — — potholes in Pennsylvania..... 38
Ashes, Volcanic, on Hawaii..... 53
— —, Origin of..... 55
Astoria group, Occurrence and character of 83
Auditing committee, Report of..... 465
Augite syenite, Origin and age of an Adirondack..... 464

Bad River bar, lake Superior, Geologic history of..... 208
Baffinland, Laurentian limestones of..... 471
Baldwin, C. W., cited on eruption of Mauna Loa..... 46, 47, 48
Banff series, Occurrence, character, and thickness of..... 69
Barbour, E. H.; Sand crystals and their relation to certain concretionary forms.. 165
—, Title of paper by..... 491
Barlow, A. E., quoted on volcanic ash rock of the Knoydart formation..... 310
Barnes, O. P., Copper on farm of..... 2
Barnum, Minnesota, Keewatin rocks near... 351
Barrier beaches, Wisconsin shore of lake Superior..... 213
Basin ranges, Cross-sections of (typical)..... 270
— —, Fault systems in..... 257
— — — theory of origin of..... 260
— —, Faults in, table of localities of..... 258
— —, History of deformation in..... 242
— —, Origin and structure of..... 217
— — — of topographic forms of..... 265
— —, Typical front of, plate showing..... 266
Bates, J. M., Aid by..... 168
Bates hole, Wyoming, Description of..... 495
Bayley, W. S., cited on geology of Grand Portage bay, Wisconsin..... 317
Beach deposits, Wisconsin shore of lake Superior..... 212
Beaches, High-level, in southern Ontario... 138
—, Marine and freshwater, of Ontario..... 129
Belle Isle, Brittany, Figure showing upland of..... 482
— —, Origin of upland of..... 482
— —, Peneplain near..... 482

Tranquille beds, Occurrence, character, and thickness of..... 81
Trap rocks in the Dalles of the Saint Croix, Age of 23
Traquair, R., cited on McArras Brook fossils 311
Treasurer, Report of..... 450
—, I. C. White elected..... 453
Trenton conglomerate, Geologic significance of..... 102
— — in New York..... 102
— formation, Basal conglomerate of..... 154
— —, Fossils of, in New Jersey..... 157
— —, Occurrence and character of..... 154
— limestone, Chemical composition of..... 157
— —, Correlation of, in New York and New Jersey..... 159
— —, Occurrence and character of..... 156
— —, Thickness of..... 156
Triassic period, Physical history of Rocky Mountain region in 86
— rocks in British Columbia, Occurrence and character of..... 72
— —, Nicola formation..... 72
— — on Queen Charlotte islands, Occurrence of..... 73
— — — Vancouver Island, Occurrence of..... 73
— —, Thickness of, in Rocky Mountain region..... 88
— —, Vancouver series..... 72
Tuff cone at Diamond Head, Hawaiian islands [abstract]; C. H. Hitchcock..... 462
Turner, H. W., cited on deformation in the Sierra Nevada region..... 243, 244
—; Geology of the Great Basin in eastern California and southwestern Nevada [abstract] 466
—, Photographs by..... 470
—, Title of paper by 2
Twelfth Summer Meeting, Proceedings of..... 1
Tyrrell, J. B., Work in Cariboo district by.. 59

Ulrich, E. O., cited on fossils from Leipers Creek bed, Tennessee..... 432
—, Fossils identified by..... 444
Unconformity, Depositional measure of..... 173
— at base of Coal Measures in Mississippi valley, Extent of..... 174
— — — — — —, Nature and extent of..... 187
— between Silurian and Devonian in Tennessee, Evidence of..... 408

Page

Undine glacial lake, Position and extent of..... 114
———, Terraces of..... 114
United States Geological Survey, Photographs presented by..... 465
Upham, Warren; Giants' kettles eroded by moulin torrents..... 25
—, Glacial lake Upham named from 125
— cited on Animikie quartzite of Minnesota..... 345
——— erosion in valley of Saint Croix 316
——— lake Aitkin..... 120
——— Hamline..... 118
——— Mahtomedi..... 119
——— glacial lakes, Minnesota..... 113
——— oscillations of levels..... 144
—; Pleistocene ice and river erosion in the Saint Croix valley of Minnesota and Wisconsin..... 13
—, Title of paper by..... 11
Upham glacial lake, Position and extent of. 124
Upper Cretaceous rocks, Thickness of, in the Canadian Rocky mountains..... 78
Utah, Northwestern, structure of Basin ranges of..... 219

Valleys, Broad, of the Cordilleras..... 271
—, Cordilleran *See* Cordilleran valleys.
—, Erosion and infilling of..... 281, 284
Vancouver island, Triassic rocks of..... 73
— series, Occurrence and character of..... 73
——, Thickness of..... 73
Van Hise, C. R., cited on rocks of the Penokee-Gogebic range..... 357, 361
— quoted on rocks of the Penokee-Gogebic range 358
——— gradation of fragmental into crystalline rocks..... 358
—, Bayley, and Smyth quoted on quartz and garnet as evidence of metamorphism.... 372
Van Horn, Frank R.; Andesitic rocks near Silverton, Colorado..... 4
Van Ingen, Gilbert, quoted on occurrence of Trenton conglomerate near Newburg, New York..... 162
——— occurrence of Trenton conglomerate near Wappinger falls, New York..... 163
Vermilion cliffs, Landslides of the Echo and..... 485
Vermont, Potholes in..... 35
—, Terraces on Saxtons river near Bellows falls in..... 485
Virgin range, Nevada, Structure of. 233
Virginia range, Nevada, Structure of..... 231
Volcanic ashes, Distribution of..... 53
——, Origin of..... 55
— phenomena on Hawaii; C. H. Hitchcock.. 45
— rocks of Keweenawan area of eastern Minnesota, Occurrence and character of.....321, 322, 323, 326, 327, 333, 335, 341, 342
— vents of the early Miocene, Situation of.. 81

Walcott, C. D., cited on Cambrian fossils... 66
——— deformation in the Great Basin province..... 242, 243
——— Lower Cambrian fossils..... 154
——— quartzite..... 151
——— structure of the White Mountain range..... 238
— elected President..... 453
—, Paper read by..... 461
—, Photographs by..... 465
—, Record of remarks by..... 461, 483, 491
—, Section across Piñon range made by..... 223
Waldron shale, Character and occurrence of..... 407
——, Fossils of, from Tennessee..... 442

Walker River range, Nevada, Structure of..... 231
Warren, G. K., cited on geologic history of the Mississippi and Saint Croix rivers... 22
Watson, Thomas Leonard, Election of..... 1, 454
—; Weathering of granitic rocks of Georgia. 93
—, Title of paper by..... 480
Weathering of granitic rocks of Georgia; Thomas L. Watson..... 93
Weidman, S., cited on the Utley metarhyolite..... 388
Weller, Stuart, cited on faunal changes accompanying passage from Trenton limestone to overlying shale..... 163
— elected a Fellow..... 1, 454
— and Henry B. Kümmel; Paleozoic limestones of Kittatinny valley, New Jersey.. 147
———, Title of paper by..... 472
Western Interior coalfield, Carboniferous deposition in, figure showing..... 193
———, Correlation of Alleghany section and..... 187
———, Table of formations in..... 186
— Superior glacial lake, Beaches of..... 21
———, Duluth lake a synonym for..... 121
———, Outlet of..... 21
West Humboldt range, Nevada, Structure of..... 225
Weston, T. C., Fossils found by..... 305
—, Work of, on Silurian and Devonian rocks of Nova Scotia..... 304
White, C. A., unconformity at base of Coal Measures in Mississippi valley..... 174
White, David; Age of the coals at Tipton, Blair county, Pennsylvania..... 473
— cited on correlation of the Des Moines series..... 187
——— fossil plants of the Clinton region, Missouri..... 185
——— Trenton faunas in New York..... 158
— quoted on floras of the Arkansas Coal Measures..... 185
White, I. C., cited on age of coals at Tipton, Pennsylvania 474
— elected Treasurer..... 453
—, Fossils obtained by, from Tipton coal mine, Pennsylvania..... 475
—, Record of remarks by..... 462
—, Treasurer's report by..... 450
Whiteaves, J. F., cited on Cambrian fossils. 66
——— Cretaceous in Canada..... 74
——— Devonian in Canada..... 69
——— fossils from Graham island..... 83
——— of the Iltasyouco beds..... 76
White Mountain range, California, Structure of..... 238, 239
White Pine range, Nevada, Structure of..... 227
